

Our exclusive focus on custom and specialty contact lenses means a better experience for you and your patients.

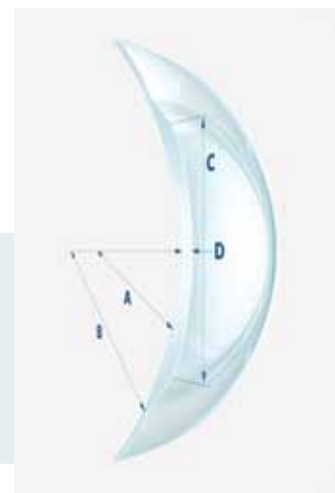

For over 40 years, Alden Optical has been providing the world's most demanding contact lens specialists with the ultimate in fitting control for challenging fits and vision conditions, along with the service and support they need to ensure patient success. Alden Optical offers you:

- The custom-made precision of lenses manufactured to your exact specifications
- Proven designs and a virtually unlimited range of customizable parameters: HP TORIC • HP SPHERE • PROSTHETICS • ENHANCERS • GPs
- Fast order turnaround—orders ship in 2-3 days*
- Close substitutes for discontinued vial lenses through our Phoenix Program
- A 100% guarantee on every single lens order

Introducing NovaKone™: A Breakthrough Soft Lens for Keratoconus.

Ideally suited for your GP intolerant and unsuccessful hybrid patients.

Soft lens comfort. ▪ Excellent visual outcomes ▪ Simplified fitting approach

**ALDEN OPTICAL IS A BRONZE SPONSOR OF THIS YEARS' GLOBAL SPECIALTY LENS SYMPOSIUM.
